

# AccuVein® AV300 Acquisition Options

## Flexible Options for Your Organization

Performance CPR offers several methods of acquiring the AccuVein AV300 technology. The increasing demand to deliver better patient care with fewer resources, challenges organizations to utilize creative purchasing to implement new technology. Our rental and lease programs allow organizations to acquire new technology through operating budgets rather than capital outlays.

### Rental Plan

Performance CPR offers a competitive rental program with 36, 48, or 60 month term options. This program includes:

- Monthly lease payment
- Free software upgrades
- Three year “spare in the air” warranty
- No end of plan buyout

### Lease Option

Performance CPR offers a competitive lease program with 24, 36, 48, or 60 month term options. This program includes:

- Monthly lease payment
- Free software upgrades
- Three year “spare in the air” warranty
- \$1 purchase buyout at end of lease

### Capital Purchase

The AccuVein AV300 technology acquisition cost is \$4,500.00. This includes:

- One-time payment
- Free software upgrades
- Three year “spare in the air” warranty

### Choose Your Plan

Performance CPR can provide you with a proposal for each method of acquisition for your comparison.

### AccuVein AV300 30-Day Trial Agreement

Discover the benefits of the AccuVein AV300 in your clinical environment with a \$100 commitment.
