

AccuVein® AV300 Lease Program

Flexible Options for Your Organization

Performance CPR offers several methods of acquiring the AccuVein AV300 technology. The increasing demand to deliver better patient care with fewer resources, challenges organizations to utilize creative purchasing to implement new technology. Our rental and lease programs allow organizations to acquire new technology through operating budgets rather than capital outlays.

Lease Program

Performance CPR offers a competitive lease program with 24, 36, 48, or 60 month term options. This program includes:

- Monthly lease payment
- Free software upgrades
- Three year “spare in the air” warranty
- 1 purchase buyout at end of lease

Monthly Rates *(*based on 1 AccuVein AV300 vein viewing system)*

| Approximate Monthly Lease Payment* | | | |
|------------------------------------|--------|--------|--------|
| 24 Mo. | 36 Mo. | 48 Mo. | 60 Mo. |
| \$240 | \$172 | \$139 | \$119 |

*Rates subject to final credit approval.
